

- III. We hope to arrange before the end of this month a special meeting to explain the great object of this Congress and to arouse interest.
- IV. Special prayers will be offered at each Service for the guidance of the Congress.
- V. A most excellent way of strengthening the Church is the studying of the excellent papers on the Congress which have been published in such quantity and quality by those at its head. Mr. Read (local agent for S.P.C.K.) would most gladly procure these. Mrs. Simpson, or the Rector, would be pleased to lend to those who would read their copies. These papers are of more than passing interest, and we most strongly urge those who wish to be informed on current philanthropic, social, moral and other problems, to expend a few shillings in this way.

THE SALE OF WORK.

The date for the above has been fixed for Thursday, July 16th. It is hoped that this date may suit the majority if not all our friends. The work is coming in very nicely, and we hope to have a selection of tempting wares. Contributions of saleable articles will be gladly received at the Rectory any time.

SUNDAY SCHOOL LESSONS.

2nd S. after Easter.	5th S. after E.
